It is admitted that this property has many superior advantages for residence purposes, among which is the fact that there are no railroads to cross, that from its position one of the finest views of the grand scenery with which Helena is surrounded can be obtained, that the land is susceptible of a high state of cultivation for lawns or flower gardens, and that in a short time the new Motor Line to East Helena will pass through this addition; indeed, this property is already too favorably known to need an extended description.

The democratic convention, which adjourned from Saturday until 2 p. m. yesterday, met in Harmonia Hall at the hour designated and completed its work in a manner that promises well for the success of the party at the approaching election. The utmost unanimity and earnestness of purpose animated the delegates, and not an incident occurred which could leave the slightest ill-feeling on the part of those mentioned for one or other of the oxices. E. W. Knight presided and C. B. Nolan acted as secretary. Mr. Knight spoke briefly of the excellent work done by the democratic state convention on Tuesday, and predicted the success of the entire ticket.
